Executive Committee Meeting August 12, 1952

It was suggested that -

A suggestion was made that we have a Bourse at the second meeting of each month. This will allow members to sell coins that they do not care to put into the auction. The usual 10% will be the clubs commission. The auction will be conducted at the first meeting of each month only.

A publicity committee be named instead of a committee for National Coin Week. The work of this committee will consist of looking after National Coin Week and any other function that might need the work of this committee.

Sept. 2, 1952

The 889th meeting of the R.N.A. was called to order Tuesday, September 2nd at 8:15 PM. by President Arnim B. Judd. There were 29 members and 3 visitors present. Minutes of the preceding meeting were read and approved as read. Accumulated correspondence was read and disposed of. A bill for use of our room in the Museum was ordered paid.

Hobby Council - no report

Program Chairman - Late, no report

Coin Week - Members were informed of the R.N.A. placing sixth in the National Coin Week display.

President Judd asked the members what they desired in the new year in the way the R.N.A. will be run. The question of a Bourse was brought up again. After considerable discussion both for and against, it was decided by a vote of 23 to 1 to try the Bourse at the next meeting. If it is successful it will be continued at the second meeting of each

month. The R.N.A. will get 10% of all sales of the Bourse, conducted by John Sloane. It was pointed out that anyone has the privilege of making a private deal in the Club Rooms. During the discussion it was said that open arguments both for and against any subject has preserved the R.N.A. for 40 years.

The White Elephant sale at our Annual Picnic netted \$27 which will be used as part of the cost of a new reverse die for the R.N.A. presidential medal. Mrs. Sam Thayer was thanked for the use of her home for the picnic.

The R.N.A. was asked by the National Publicity Committee to invite the A.N.A. to hold a convention here sometime in the near future.

The Button Club's request for the loan of five of our cases was turned down by a vote of the members present.

The visitors were introduced at this time and asked to return at another meeting.

At this time the application of Joseph R. Vay was read for the third time after which a unanimous vote of approval was made. 26 votes were cast.

Valance Judson told of stamps offered him on a trip to Canada only to find some very valuable stamps ruined. John Pittman reported a treasure find in Canada. Some gold coins from this find were finally allowed to be exported.

REMEMBERING MUSEUM DONOR—Bronze plaques of Rochester Museum and of Edward Bausch, who gave museum to city, are shown by (from left) Floyd Newell, past president of Numismatic Assn., which will formally present the plaques to the museum on Sunday; Alphonse Kolb, sculptor-medalist who made the plaques, and W. Stephen Thomas, museum director. Sunday is the 100th anniversary of Edward Bausch's birth.

TRIBUTE TO BENEFACTOR—Bronze plaques of Edward Bausch and Rochester Museum are presented to museum. Giving the plaques are (from left) Floyd B. Newell, of the Numismatic Assn.; Alphonse Kolb, designer of plaques; George Bower, of Numismatic Assn. Accepting is Dr. J. R. Williams Sr., museum commission chairman.

FIRST MICROSCOPE—W. Stephen Thomas holds first microscope made by Edward Bausch at age 14. Looking at instrument are Germain C. Crossmon and James Fishman, 14, of 101 Edgerton St., guide. Ceremony marked centennial of Bausch's birth.

Tribute Paid Bausch as Typical Of 'Age of the Spirit of Science'

The name and achievements of Edward Bausch, a man who personified "the age of the spirit of science," were honored yesterday at the Rochester Museum.

The ceremony in his memory was held on what one of the men who knew him well called "a very special Sept. 26th." It was the 100th anniversary of the birth of one of Rochester's greatest inventors.

Appropriately, it was held in the museum building which he made possible.

• • •
W. STEPHEN THOMAS, museum director, called this "the age of the spirit of science," and said the museum is helping to foster that spirit.

"That was what Mr. Bausch did, whether he realized it or not," Thomas said. "He made possible the great chain reaction of getting people interested in science."

• • •
M. HERBERT EISENHART, chairman of the board of the Bausch & Lomb Optical Co. and for many years an associate of Bausch, told of the inventor as he knew him.

Many characteristics made him

great, Eisenhart said. He recounted Bausch's engineering ability, his insistence on perfection, his sense of symmetry, his generosity, his humor and his love of music. But mostly he dwelt on Bausch's "profound loyalty" to his friends and the warm relationship he had with the people in his plant.

"The tragedy was that he could not live to see the museum functioning," Eisenhart said. "But it gave him, I am sure, the most profound pleasure to have helped create it."

• • •
GERMAIN CROSSMON, bio-

logical and chemical microscopist for Bausch & Lomb, described some of the types of microscopes for which Bausch became famous. Polarized, phase, dark field and stereoscopic instruments.

The bronze plaques which were designed by Alphonse Kolb and will be mounted in the museum were presented to Dr. John R. Williams Sr., Museum Commission chairman, by the Rochester Numismatic Assn. Representing the Association were George Bauer and Floyd B. Newell.

terms used to describe the condition coins are described by dealers
today and in the early days of coins collecting. It was pointed out
that coins of today are generally classified higher than they were in
early days. It was also explained that a lot depends on whether you
were the buyer or the seller in these cases. Foreign coins are very hard
to obtain in uncirculated condition. This discourse was very interesting
and those present showed keen interest. Mr. Pittman was given a
rousing round of applause. The auction was conducted by John Pittman and
\$2.20 was realized.

Dear Sir:

On Saturday evening, January 3, 1953, the Rochester Numismatic Association will hold its 41st Annual Banquet at 7:00 P.M. at the Hotel Seneca. This dinner is in honor of Mr. Norman F. Prince, our 40th President, and the climax of the affair will be the presentation of our club medal to Mr. Prince by our President, Arnim Judd. These medals have been issued every year since 1912 and are presented to the President in a special presentation case at the banquet.

A new reverse die has been adopted this year, so the 1952 medal is completely different from the preceding. The medal, to be struck in silver and bronze, was sculptured by Alphonse A. Kolb, a Rochester artist, and past president of the R.N.A.

The obverse or heads side of the medal shows the portrait of Norman F. Prince surrounded with the inscription "Norman F. Prince XL President 1952". The main design of the reverse is a shield containing a Greek coin, head of Athena, surrounded by flowers; and the inscription, "Organized Jan. 4th, 1912." Seated on the shield is the Owl of Athens; the reverse inscription is "Rochester Numismatic Association Branch 2 of A.N.A." (American Numismatic Association).

We would appreciate it if you could have a reporter and photographer available at the Hotel Seneca at 6:45 P.M. to cover our banquet and take pictures of the presentation.

Sincerely yours,

41st Anniversary Banquet of the R. N. A.

The forty-first Annual Banquet was held Saturday, January 3rd, 1953 at the Hotel Seneca. The event was a gala one for the 72 members and guests that gathered in the Ontario Room for the celebration. The climax of the evening was the presentation of the Presidential Medal to Norman F. Prince, the retiring President. The presentation of this medal, designed and engraved by Alphonse A. Kolb, was made by President Arnim B. Judd. The Medal was encased in a beautiful box, the handiwork of Barney Bloom. Mr. Prince accepted the medal with sincere thanks to the officers and members of the R. N. A.

Through the efforts of Alphonse A. Kolb and our President those present were entertained by a floor show that they arranged. Twelve young people, members of a local entertainment group, put on a 9 act show that was a real treat. This is an amateur group that does a lot of entertaining in local hospitals. The members and guests were high in their praise of this show. Prizes were distributed to the holders of lucky numbers. John Pittman's corner was very popular later in the evening. Here John mixed that Southern Exhilarator that has become so famous at the banquets.

Among the out-of-town guests present were Mr. and Mrs. Bernard N. Bailey, Mr. and Mrs. Robert F. Whittall, Mr. and Mrs. Franklyn J. Herrick, Harold W. Hoople, A. M. Johnson and Frederick Gerner of Buffalo. The members of the R. N. A. extend their sincere thanks to our neighbors.

As is usual Mr. Foster put on a splendid program that was very interesting to watch and hear. He was given a generous vote of thanks by those present. The Bourse resulted in a commission of \$2.05.
